

For the Victims of PTSD

Almighty Father, our help and our shield: look with mercy upon thy servants who have suffered in the service of our country [, especially N.]. Soothe their distress, and grant them a sure recovery from the wounds of heart and mind and spirit. Grant also that we, who have asked them to do so much for us,

should not fail them in their time of need. All this we ask for the love of thy Son our Saviour Jesus Christ. *Amen.*
